

CLUNGENE[®] COVID-19 IgG/IgM Rapid Test

- Expiry Date Update - Hungary

21 February 2023

Dear Valued Customer,

Since the launch of the CLUNGENE[®] COVID-19 IgG/IgM Rapid Test (the "Product"), Clongene has continued to develop and enhance its Product offering. We are pleased to confirm that, real-time shelf-life study data of batch products produced in September 2020 has been collected to support an extended shelf-life (expiration date) of up to 26 months from the date of manufacturing of the Product.

This letter is to confirm that the CLUNGENE[®] COVID-19 IgG/IgM Rapid Test that you own may now have a longer expiry date than is listed on the product labelling.

Please find attached (Attachment 1) a listing of the Product batches that are confirmed as having this extended shelf life. Attachment 1 lists the lot number, currently labeled kit expiry, and new kit expiry date of the relevant Products.

Please feel free to cascade this communication to your end users that may have purchased Product covered in Attachment 1.

Clongene will not be re-working or re-labelling the Products, nor will Clongene be responsible for any costs, expenses, and/or liabilities arising as a result of this communication, including any costs that might be associated with any local labelling requirements. Should you become aware of any local labelling requirements as a result of this extension in the shelf life of the Product, please contact us in advance in order that any such activities are conducted in accordance with Clongene instructions.

If you have further questions, please contact with us:
